

Meeting 29.11.24 DESY, Hamburg, start 14:10 oclock

Present: T.Kuhr, A.Frey, H.C.Schultz-Coulon, M. Muehlleitner (co-chair),
L.Feld (chair), M. Dunford, K.Desch, B. Heinemann, J. Haller, H. Lacker, G.
Hiller (minutes), M. Kado, D. Mohler (KHuk), J.List, R. Jacobs
on zoom: M. Lindner (KAT), F. Blekman, M. Duehrssen

Excused: J.Albrecht

The chair opens the session and presents the agenda for today. It is accepted,
together with the minutes of the meetings from 22.11.24 and 24.11.24.

Planning of forthcoming meetings is discussed.

M. Kado kindly agrees to host the envisaged meeting (ESPP workshop) in
Garching/Munich and will propose dates for April/May 2025.

Discussion of the outcome of the past workshops and planning of January '25
workshop:

H. Lacker reports on the non-collider workshop. A summary report for the input to the
strategy is under construction.

Target: circulate within KET, then within the registered participants, to agree on final
version.

It should later on be presented at the January workshop. Discussion of contributions
from KAT and KHuK communities by M. Lindner and D. Mohler, respectively.

Discussion of collider workshop: Progress on the report drafting is gratefully
acknowledged, and planning of the report is discussed.

We agree to work on the document between Johannes Haller, Jenny List and the
KET-chairs, and then circulate it within the organizing committee of the collider
workshop and KET for comments. It will be distributed within a week before the
January workshop to the community.

Analogous procedure for non-collider workshop.

The existing preliminary agenda for January25 workshop is reviewed and the
proposed structure is confirmed.

There will be an informal exchange with BMBF, involving also PT.DESY, on the
outcome of the workshops. A KET-meeting afterwards is planned for debriefing.

The draft of the collider report is discussed and worked on regarding the comments
from the collider-workshop.

16:40 o'clock end of meeting

Minutes taken by Gudrun Hiller
