

Minutes of the KET Meeting on January 22, 2025

Time: 12:40 to 14:40

Participants: L. Feld, M. Mühlleitner, H.C. Schultz-Coulon, T. Kuhr, K. Desch, D. Mohler, M. Lupberger, H. Lacker, M. Dunford, M. Kado, J. Haller, M. Dührssen-Debling, F. Bleckman, G. Hiller, A. Frey (since 13:15), J. Albrecht (since 14:00), B. Heinemann (since 14:00)

Agenda: <https://indico.desy.de/event/47732/> (not public)

TOP 1: Chairman's report (L. Feld)

- The minutes of the meeting on 7.1.2025 were approved

TOP 2: ESPPU Input

- The participants of the workshop agreed on the document. The genesis was very reasonable.
- The agreed upon version 3.0 is put on the indico page and will be announced.
- Marumi suggested adding line numbers.
- The editorial team will polish the text. Feedback from KET will be collected. In the week of 17.2. it will be sent to the workshop participants, committees, and BMBF for information with clear instructions about submitting comments. The deadline for comments will be in the week of 3.3. The final document will be approved by KET in the week of 17.3. and submitted on 31.3.

TOP 3: Preparation of the optional April/May ESPPU Workshop in Munich (M. Kado)

- The workshop will be on April 28/29, lunch to lunch, at the MPP in Garching in hybrid format, followed by a KET meeting.
- Marumi and Lutz are co-chairs of the organizing committee which comprises the KET members.
- An indico page will be prepared.
- To summarize the major national inputs a table will be prepared and collaboratively filled by the KET members.
- Talks about potential flagship projects (FCC-ee, LC, fast-track hadron collider) and major R&D accelerator projects are anticipated.
- New information about potential flagship projects will be discussed, possibly including a prioritization among plans B.
- The decision about a further workshop in October should be taken at that workshop.

TOP 4: Letter in support of the HGF Tier Computing application (L. Feld, T. Kuhr)

- The letter of support for the HGF Tier Computing application will be finalized and sent to the proponents next week.

TOP 5: AOB

- The next KET meeting will be in the week of February 17.

Minutes: Thomas Kuhr
